FOOTY TRIP 1981 BARMERA

between South Augusta and Risdon resulted in South ated from the Spencer Gulf Football League premier-

Risdon had a more de-
scent approach to the
the second
handful, especially com-
ing from down, and there
into all sorts of bother.
The second term saw the
Tigers go right on with the
job.
Holding a lead of
points at half time meant
the game was all theirs.
The third term produced
another five goals for
Risdon as they continued
to press home their first
half advantage.
They had far too many
good players for their
opposite and it did ap-
pear that the only real
interest left in the game
was by how much they

would win.
To their credit the South
Augusta players had other
ideas and without doubt
they played their best
football of the match dur-
ing the final 25 minutes.
They had left their run
far too late and although
they could not prevent
their gurnseys from being
put in mothballs for 1980.
Risdon were well served
for most of the match by
many good players with
Larry King strong across
half back, while Peter
Arnold showed he is back
to his best form at the
busiest part of the
season.
Robert Payne with four
goals was always a danger
player and along with Ian
Norton (also four goals)

and Steve Cheney kept the
South Augusta defense
under pressure.
Throughout the match
all of the Risdon players
contributed to helping
their side advance into
next weekend's first semi
final.
For South Augusta the
pleasing feature from the
future was that their best
players came from their
younger brigade.
Chris Struck battled
hard from the first house,
while Derek Edmunds and
Robert Rose were always
under notice.
South despite their loss
were not disgraced over
the 1980 season.
For non playing coach
John Reid lifting the Aug-
usta Buildings from bottom
in 1978 to fifth this season
was a commendable effort.

South Augusta's P. Rivers fights for the ball while P. Hines waits for the lap-down.
