Bulldogs consolidate top position

Following its easy 57 points win over West on Sunday, South Augusta has again gone to a one game break at the top of the ladder.

Always looking the better side South were never under real pressure as they went on to record their ninth win 20.13 to 1.16.

The Bulldogs now lead with Central Augusta and Proprietary by a clear game and besides this they are a handy percentage

With six minor round matches to be played this season should be

ough for South to finish a minor premier although this season has been quite a few upsets. An eight goals first term

Augusta may have had of winning as South did as they liked with hardly any opposition.

From then on South only outscored West by three goals but at all times the Bulldogs were never in any danger.

West unfortunately is lacking in big man power and strength but to its credit it battled Sunday's match right out to the final siren.

Whilst South Augusta's last three quarters were even West Augusta finished the final term by outscoring the Red and

South Augusta coach John Reid took the opportunity to move his players around in the last half knowing full well he had the game won.

South although probably down in ruck are a much more versatile side as they can move most of their players to other positions.

Best on the ground was South's Maurice Vast who controlled the centre half back position all day. It does appear he is more suited to this position than at full back.

Tony Sullivan continued on with his consistent

picked up many kicks with Adelaide Dunkley, Don Pasculli and Craig Cook winning their share of the ball.

West Augusta's best players were harder to select with perhaps Gerard McConnell, Colin Brock and Richard Bury the ones to stand out.

Next week-end's round of matches are vital for Bladen who meet Willden and for Solomonstown who come up against South Augusta.

With Rickson and Solles battling it out for 1973 position a win for either

Bulldogs put paid to rumors with great exhibition

South Augusta dispelled all sorts of rumors that all was not well within its camp with a brilliant hard hitting exhibition against Proprietary here on Sunday.

line and sweeping all over the ground. Proprietary was simply left at the starting gate when South unleashed a brilliant first quarter. In time and extra over time Bob Clayton for Proprietary was the last and last to the headstand. Proprietary made some promising changes with

smart enough or quick enough to see Cock slip back and McDonald gave the Bulldogs something to shout at in the goal square while Prior and White, although battling injuries looked like they had broke blocks in their backs.

Proprietary coach, Bob Clayton was the only dangerous forward for the Panthers but even though he had numerous possessions he tried to do far too much and ended up looking silly.

It was evident at quarter time when South led by 44 points that it would be one-sided affair.

The Bulldogs opened the second term with the marked dig.

Between the two halves Russell at off after half time, but to centre half forward, he the Panthers credit they marked anything that

came his way and back ing by six points at the 15 minute mark scored clever. Building, Craig make the scores a little more respectable at three

quarters starting on a half back flank and McDonald was a wing. From the outset it was clear South Augusta, who were prepared to do a little extra to allow a team-mate to get into a better position.

Russell, Edmead and Philby were all dangerous up forward and the Proprietary defence was constantly under pressure.

It was evident at quarter time when South led by 44 points that it would be one-sided affair.

Wolves hopes crushed by South

Isden's premiership hopes, following its great win over Central the previous week, received a setback on Sunday.

Isden went on to an easy win by kicking 19.15 to 1.15. Wolves could have got much closer had it not missed some easy shots for goals in the first term when it could only manage 4.7 from 11 scoring shots.

In fact, had the Wolves been a little straighter when kicking for the big sticks they could have found themselves in a strong position at the first break. At that stage they enjoyed a lead of only 12

points despite the fact that they had been able to have more of the play than South Augusta.

The difference between the two teams is that term was that when South Augusta did go forward it was rewarded with goals on three of the four occasions it scored. Any chance that Williden had of winning was lost in the second quarter when restricted to only three behinds whereas South Augusta went right on with the job adding a further 8.5 to its quarter time score to give a lead of 20 points at the long break.

When play resumed after half time it was all South as the scoreboard shows. The Bulldogs just scored goals when they

liked.

Williden could only manage to kick 2.8 for the final 50 minutes which was a true reflection of the difference between the two teams. At no stage of the last half did South Augusta allow Williden to get the fast flow on game moving as the Bulldogs tackled harder. With South Augusta holding a lead of 32 points at the last change it was only a matter of by how much the red and whites would rover ahead.

Williden's best players were harder to come by as most of their good work was done in the first half but overall Jamie Bates picked up many kicks although several of them

were a little good for the Bulls. Other defenders for South who once again stood firm were Tommy Larnahed, Doug Rose and the ever reliable Mick Kern who just can't seem to put a foot wrong this season. Anleigh Dunkley played strongly to finish with three goals to his credit whilst Paul Phillips with four goals was the best rover ahead.
