Bulldogs have got it all

Well, we are to the last game of the year, playing old foe Central Augusta, knowing we caned them a few weeks ago but a better team in the grand final.

Youth and experience all over the ground but every Bulldog a star, that's South.

would lift.

"To their credit they responded and I thought their third quarter was an excellent quarter of football."

"And at three-quarter time I thought we had done enough to win the game, I thought we had enough (goals) to defend."

'Team effort'

Prentis described Saturday's victory as a team effort, but singled out experienced Bloods ruckman Michael Fuller and Darren Graham for outstanding individual performances.

"But it really was a team effort. I don't think we had a bad player on the day," he said.

Prentis said he took over as coach of the Bloods with his sights set on making the grand final.

"Central Augusta has been around the mark over the last couple of years and we were looking to take them one step further, to play in the grand final," he said.

"The club had finished third the past two years. Central has always been a good side but I just thought the players needed to believe in themselves go further."

"They have been the best club for the last couple of years and this year they put it all together."

Crowds defender Mark Bickley tossed the ball before the grand final. Awaiting the outcome.

South was most impressive and well on top. However, Central Augusta began to run and hit the body hard. It paid dividends in the second term.

With centre half forward Walsh "on fire" in the second term Central Augusta moved to a two-point lead at the long break.

Walsh was brilliant in the second term. He marked everything that came near him and hosted Central Augusta's five goals for the term.

In the third term both sides found it difficult to break out into the open and there were numerous scrummages and altercations between players.

However, South Augusta regained the lead and moved to a two-goal advantage at three-quarter time.

Central Augusta still had a chance but South Augusta, with naming players, all over the ground was setting up the loose manner with ridiculous ease and cruised home.

South Augusta's Brian Shillabeer played a great game on the ball and finished off his work with five goals.

Central Augusta's R. Johnston was a busy and productive player repeatedly.
